---

The Association of Destination Management Executives (ADME) has selected The Arrangers Destination Management Company as one of three finalists in the category of Best Transportation Logistics. The ADME Achievement Awards ceremony will be held Tuesday, March 3, 2009 in San Antonio, Texas at the association's annual meeting.

The Arrangers submitted their award entry for a transportation program that took place August 2008 in Denver, Colorado. The award category, Best Transportation Logistics, is based on the program's objectives, challenges and parameters presented in planning the program and how those noteworthy challenges were overcome during execution. Here is a 100-word summary of the transportation program:

Our client came to us with a typical request for airport transportation for 382 guests in town for a meeting. These transfers spanned seven days with the heaviest day boasting 327 individuals arriving over a 16-hour period. This program became far less typical when our client also requested that each guest (all 327 of them) have their own individual vehicle transfer with the exception of a van or SUV for those guests on the same flight, which was very minimal.

Utilizing 30 sedans and running a continuous 53-mile loop between the airport and hotel, we successfully accommodated every request.

The Arrangers Destination Management and Event Planning Company provides creativity and production for many of Colorado's award-winning events. The Arrangers partners with Corporate, Incentive and Association planners for all event services including theme events, promotional parties, ground transportation, group activities, team building, custom tours and VIP services in Denver, Colorado Springs and the Rocky Mountain Resorts. Headquartered in Denver's Historic "LoDo" District, The Arrangers also has an office in Vail/Beaver Creek to serve clients meeting in Colorado's Mountain Resorts.
