

The waters of Cherry Creek and the South Platte River meet in the area that would become Denver. When gold flakes were discovered at this confluence in 1858, it unleashed the great "Pikes Peak or Bust" gold rush.

With the discovery of even more gold in the mountains, Denver obtained its first railroad, and respectability came to the West. The wealth of the mountains was

poured into beautiful tree-lined boulevards, expansive parks and elegant mansions.

Today, Denver has become one of the premier cities in the United States. *Travel + Leisure Magazine* has ranked Denver #3 for "Quality of Life." It is centrally located, taking slightly less time to get from San Francisco as it does from New York City.

The tour program for the 103rd AALL Annual Meeting and Conference highlights all the best that Colorado has to offer.

Rocky Mountain Rendezvous **\$88.00**

Saturday, July 10th • 9:00am to 6:00pm

Your day in the gorgeous Rocky Mountains promises to be one of the most beautiful scenic tours ever taken! Enter the ancestral Rockies and wind up the spectacular canyon to Estes Park, eastern gateway to Rocky Mountain National Park.

Rocky Mountain National Park is at its peak in summer when the meadows are green and the wildflowers are plentiful on the alpine tundra. For 10,000 years this season has been the favorite time to visit the region. Native Americans travelled between Grand Lake and Estes Park over the same trails that are in use today. Elk are plentiful in the park, as well as bighorn sheep, mule deer and

a small population of moose. Wildlife viewing is possible most of the year but summer is a particularly good time to see the park's inhabitants. We'll tour the park by motorcoach visiting the most scenic spots and most interesting landmarks.

Then it's all aboard for the return trip down to the charming and quaint mountain town of Estes Park. You will be given time in the afternoon to have lunch, sightsee and browse the myriad shops, quality boutiques and art galleries before our return trip to Denver.

Includes: Roundtrip deluxe motorcoach transportation, professional tour guide, beverages and snacks en route and admission to Rocky Mountain National Park. Lunch on own in Estes Park.

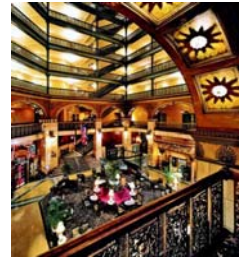

Historic Moments with The Browns **\$65.00**

Saturday, July 10th • 1:30pm to 4:30pm

Today we tour the "Unsinkable" Molly Brown House, the entirely restored home of Colorado's most colorful Victorian heroine. Located in the Capitol Hill area, the house was originally built in the late 1800's and reflects turn-of-the-century Victorian influence. A privately guided tour of the premises reveals fascinating glimpses into the flamboyant lifestyle of a bygone era. The Browns made frequent trips to Europe and Molly incorporated the 'Grand Tour' style into her decorating.

We also visit the historic Brown Palace Hotel. Known to natives as "The Brown," this hotel has welcomed the rich and famous since opening in 1892. The 230-room historic landmark is located on a corner in the heart of downtown Denver. Your behind-the-scenes tour reveals loads of secrets!
